REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: Claim 1 is allowable as the prior art does not show an airbag comprising two parallel cells, each cell having a vertical upper portion and an inclined lower portion, wherein each of the cells ends at the lower end of the cell. Hess et al. (US 2002/0175503) shows an airbag comprising parallel cells ending at the lower end (see Figure 8); however the cells have a single curved portion, the cells do not have a vertical upper portion with an inclined lower portion.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
